Dear **Louoba Jonas**,

On behalf of KKL-JNF I send you my best wishes for a successful and rewarding 2023 and take this opportunity to thank you all for the great cooperation worldwide that is proving productive.

I was delighted to have met you at the World Leadership Conference in October and enjoyed the occasion on which we finally had the chance to reconnect, share and collaborate.

As a result of our combined and robust activity, during 2022 we raised the phenomenal amount of more than NIS 80 million for KKL-JNF projects in Israel, an achievement which would not have been made possible without your cooperation and hard work.

I take this opportunity to wish you Tu B'Shvat Sameach, as the new year of the trees, the holiday synonymous with KKL-JNF, is fast-approaching. The festival's slogan for this year, "Planting with Love-Protecting the Environment", reminds us of our duty and commitment to sustainably nurture and develop the Land of Israel.

May we continue to witness the fruits of our labor and take pride in our achievements.

With Best Regards from Jerusalem,

Ronnie Vinnikov

Head of Resource Development and External Affairs Division, **CDO**
